

Poker in Vegas – Complete Summer 2016 Schedule

At the same time every year, the entire poker community pack their bags and set off on a pilgrimage to Las Vegas. Of course, all eyes will mainly be focused on the WSOP events that can create poker history, but there is so much more going on in Vegas during this time. These other events running throughout the WSOP will offer big fields which are difficult to navigate sometimes, and even the most seasoned players will have to be patient. Here, we have compiled a list of all the top tournaments going on across Las Vegas this summer, with links to the structures included.

If you shop around and see what is on offer, you will find The Venetian Deep Stack Extravaganza, Rio tournaments, the Phamous Poker Series, the Golden Nugget Series, Wynn Classic Summer, or Binion's Classic. There are so many options to choose from! Even the Aria Classic, which is the youngest of the festivals mentioned, has its own interesting structure.

In red: Structures points - *The more points the better the structure (more starting chips, longer levels, and slower blind increases).*

In green: *Other variants*

FT: Final Table

Late: Late registration

Special thanks go to Salette who listed all the events!
